

Name: Chen Xiaoyu
Email: xiaoyu.chen@example.com
Phone: +86-13800138000

Education:

- The University of Hong Kong | MS Computer Science | 2024-2026
- Sun Yat-sen University | BS Software Engineering | 2020-2024

Experience:

- Moonshot AI | LLM Infrastructure Intern | 2025.03-2025.09: Built the evaluation harness for model releases in Python, automated regression runs with Docker and Kubernetes, and cut manual review time by half.
- Tencent | Backend Development Intern | 2023.06-2023.12: Implemented a Redis backed hot key cache for a high traffic mini program API in Python and Go; p99 latency dropped from 220ms to 90ms at 30k QPS in staging.

Skills:

Python, PyTorch, MySQL, Redis, Docker, Kubernetes, Linux, SQL, NLP, machine learning, recommendation systems, distributed systems, data analysis, Git

Projects:

- Retrieval augmented QA over arXiv papers with PyTorch and FAISS, bilingual reranking, 92 percent top-1 accuracy on an internal benchmark.
- A small Raft implementation in Python with fault injection tests for leader election and log replication.
